

## Social Programme

### Monday, June 6

6 pm Civic Reception, [Glasgow City Chambers](#), George Square, Glasgow, Strathclyde, G2 1DU

We are thrilled that Glasgow City Council is hosting a welcome reception for us. The reception will be held in the Glasgow City Chambers (pictured above). The easiest way to get to the reception from the university is via the subway. Get on at HILLHEAD (the stop on Byres Road) and get off at BUCHANAN STREET. The cost of a single subway ticket is £1.40. From Buchanan Street, head in the direction Queen Street Station and you will see George Square and the City Chambers. The journey time between the conference venue and Glasgow City Chambers is approximately thirty minutes.

### Tuesday, June 7

6 pm (for 6.30) Dinner followed by cèilidh, [Glasgow University Union](#), 32 University Avenue Glasgow G12 8LX

Dinner will be held at the Glasgow University Union, which is approximately a ten minute walk from the conference venue. Please note that the bar within our room will not open until 6.30; however, drinks may be purchased in the bars open in the other parts of the venue and brought to our room. Dinner will be followed by an after-dinner speech from the Head of the College of Arts, Professor Roibeard Ó Maolalaigh and then by a traditional cèilidh with music and dancing. Don't feel shy if you don't know the dances-you'll catch on quickly! And if you would like to share a song, just see the *fear an taighe* (MC) Pàdruig Moireach at some point during the evening and he'll arrange it.

### *The West End Festival*

We realise that we'll be keeping you very busy, but for those arriving early and/or leaving later, you might be able to catch some of the West End Festival. More information available [here](#).

### *Eating and Drinking in Glasgow*

Here are some suggestions for 'cheap and cheerful' places (mains generally £10- 20). These are only a few suggestion, however; you'll find that you really are spoiled for choice when it comes to both the city centre and the West End of Glasgow.
